

Give N Move

U10+

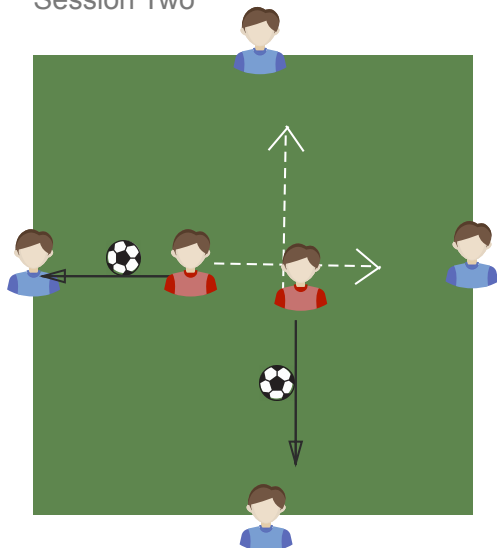

Session One

Outside and Inside players can be changed according to attendance. Outside should always outnumber inside so a man is always open for passing.

1. Red passes to an outside blue and moves right to open for a pass.
2. Keep moving to the right.
3. Move Left
4. One touch

Session Two

1. Red passes to an outside blue
2. Red turns to the side and opens up for a lead pass back straight across the field.
3. Red stays facing blue for a pass back and then must do a fake and turn or a between the legs dummy

Enhance:

Allow inside players to call out a blue player with a keyword "GO". On the return ball to red/inside the player will lead the blue player. Inside goes to outside.
